PRO - TANK - TION

The high cost of replacing a leaky oil tank is an unexpected expense that our customers should not have to pay.

Now, for an annual fee, you can have the protection you deserve.

PRO-TANK-TION covers the complete* cost to replace a leaky oil tank with a tank of equal size.

Our heating oil is being treated with *AVALUX*, an additive that has many advantages, including an inhibitor that fights tank corrosion.

If your tank does leak, our highly skilled team of technicians will replace your tank, so you can be assured of a quality job.

Sign up today and don't worry – we've got you covered.

✂-----

I want **PRO-TANK-TION**.

Please come and inspect my oil tank.

I enclosed \$34.95 per tank and understand this will be reimbursed if tank does not pass inspection.

I understand that this program renews annually.

I have read the disclaimer below.

Account #: _____

Name: _____ Phone #: _____

Address: _____

City, State, Zip: _____

Signature: _____ Date: _____

This program is for aboveground tanks only, up to 330 gallon capacity.
Valid only when all oil is purchased through the Orange Oil Company.

*Coverage includes oil tank package, labor, permit, removal and disposal of old tank.

Coverage does not include cement pads, labor to pump out old tank or environmental clean up costs.
These remain the responsibility of the customer.

DISCLAIMER: Any cost, expense, governmental order, arising out of a fuel oil release, seepage, migration or escape that requires clean up, removal, containment, treatment, monitoring, detoxifying is not provided under this tank replacement program whether caused by the tank or any other source including any resulting bodily injury or property damage.
